Withdrawal from Exchange Study

Students who apply to Middlesex University for a full year exchange study, must complete the full year academic and assessment requirements in order to gain credits and to receive transcripts.

Students who wish to withdraw before the end of the academic year cannot gain credits for study if they are registered on year-long modules. Due to the learning framework and assessments within programmes at Middlesex University, it is not possible for students to be awarded 'half-credits' for completion of one term only. Thus, students will not receive a transcript.

Portfolios

Students applying for Music, Art and Design or Film and Television programmes **must** include a web address to a site where their portfolio/show reel can be assessed. We no longer accept portfolios on CDs or other media storage devices.

Language Requirements

To support their applications, students must provide their English language qualification certificate to support their application. In order to be offered a place as an Exchange Student at Middlesex University, students must meet the following English [language requirements](#).

Tier 4 Visas

Unless students are EU or EEA nationals, they will probably need a Visa to study in the UK. For one term, students may be able to come as a 'Student Visitor'. For students wanting to come for more than 6 months, they will need to apply for a Tier 4 Visa, for which they must meet the following English language requirements stated in [Language Requirements](#) section of this document.

For more information about Visas, please see the [Visas and work rights](#) section of the Middlesex University website.

Transcripts

Transcripts are issued three times a year: March, July and September.

Two copies of each transcript are sent to the exchange coordinator of the student's home institution and will reflect both passed and failed modules. In addition, transcripts indicate the ECTS credit weighting.

Accommodation

At Middlesex we offer self-catering housing for nearly 1500 students across 5 halls of residence. This accommodation ranges from study bedrooms with ensuite facilities, to traditional halls with shared kitchens and bathrooms. Note that a place in one of the university residences is not guaranteed and students may only apply once they have been issued with an MU ID number.
